Re: Washington State Veterans Bar Association Concerning Referendum Measure 88

To whom it may concern:

The Washington State Veterans Bar Association, as an organization dedicated to serving veterans, hereby declares that it opposes passage of Referendum Measure 88. While the WSVBA strongly supports measures taken to combat discrimination in our State, it opposes any legislation that would remove veterans' preference or harm Washington's veteran community with regard to job placement or recognition of veteran status.

Sincerely,

Caesar Kalinowski IV, Chair
Washington State Veterans Bar Association

About Washington State Veterans Bar Association

Washington State Veterans Bar Association (WSVBA) is a networking organization for attorneys and law students who have served in the United States Armed Forces. We are a non-partisan and veteran-centric organization. We seek to provide a voice for the 650,000 veterans of Washington State and address legal, political, and social issues facing veterans and their families.
